INTRODUCTION TO THE 2015 MORRIS COUNTY MANUAL

Ann F. Grossi, Esq.
County Clerk

I am proud to present the 2015 Morris County Manual. This year's issue represents the 109th year that the manual has been published by the Office of the Morris County Clerk. While its design and content has changed throughout the decades, one thing has remained constant; the manual's objective is to provide centralized resources for officials and residents concerning their government.

Established 275 years ago to perform the important function of recording every conveyance of property within the county, the Clerk's Office has progressed to provide an array of additional services to the public. Those services include, but are not limited to, election responsibilities, officiating over marriages, issuing County and Veteran Identification Cards, accepting Notary Public registrations and administration of oaths, and processing U.S. Passport Books and Passport Cards through our certified Passport Acceptance Office.

This year we opened with advances in technology and office systems. They are: 1) updated website providing streamlined and easily access to data; 2) automated election results in various data formats for immediate electronic viewing; 3) established a Facebook page; 4) integrated state of the art technology enhancing overall productivity; 5) established Veteran's ID and Passport outreach venues; 6) provided advanced staff training; 7) launched updated and centralization of policy and procedures; and 8) restructured departments and human resources for greater efficiency.

Additionally, the Clerk's Office is self-funded through the collection of state mandated fees and contributed more than $9,000,000.00 in revenue directly to the county budget; thereby, offsetting the tax rate for 2015 by approximately 1.23%.

As always, my staff and I are committed to providing the high level of service Morris County residents expect and deserve.
